Supporting Educators around Digital Citizenship and AI
Wednesday, November 15, 2023, 4:30 PM
Presenter: Jackie Patanio, Director of Ed Technology -Staten Island District 31
3 CTLE Credits

This session will help teachers better understand and curate resources around digital citizenship and artificial intelligence (AI) in education. In today's digital age, students encounter a lot of online content and AI technology. It's important for educators to experience platforms and eventually guide students to use these resources responsibly and ethically.
During this session, we'll discuss digital citizenship, focusing on teaching students critical thinking, empathy, and online safety. We'll also discuss practical ways to deal with issues like online ethics, privacy, and cyberbullying, while promoting respectful online behavior in addition to creating a resource bank of tools.

To register in advance for this virtual workshop, cut & paste the link below:
https://us02web.zoom.us/meeting/register/tZYsf-ihpjItE9ciXUQUsQpx9iaNlS1pptxN

After registering, you will receive a confirmation email containing information about joining the workshop meeting. This workshop is FREE and is sponsored by The Staten Island Reading Association (SIRA). If you wish to receive New York State Teach Credits or CTLE, you must be a member of the Staten Island Reading Association. Visit www.sireading.org to become a member.
After registering and attending this workshop, you will receive three (3) CTLE credits.
